Stroll along the Garonne and admire the Place de la Bourse and the Miroir d'Eau, with its gigantic granite slab that makes this place magical. Continue with a visit to the 18th-century Opera House, Saint-André Cathedral and Pey Berland Tower for a panoramic view of Bordeaux.

Finish the day with a dinner-cruise on the Garonne River.

Access by soft mobility

Regional train Regional bus

DAY 2 - Vineyards

Start the day by discovering one of Bordeaux's 5 wine-growing regions, accessible by train or bus.

Visit one or two wineries and discover the vineyards, cellars, vats and different stages in the wine-making process... Extend the experience with lunch or a picnic on site.

Depending on the region visited, take advantage of the proximity of iconic sites (Blaye Citadel; Fort Médoc; Saint-Emilion medieval town; Sauve Majeur Abbey; historic châteaux of Cazeneuve, Roquetaillade or La Brède) to go for a bike ride.

The day continues with a shopping spree. Bordeaux offers a wide range of elegant and trendy boutiques: fashion, design, outlet, galleries, antiques, local specialities, souvenirs...

Finish your evening in the illuminated city, such as the lively Chartrons district, the old wine merchants' quarter, or on one of the city's most beautiful rooftops.

PONTOONS EQUIPED WITH ELECTRICITY

Work is currently underway in Bordeaux to equip four pontoons and landing stages on the Quai des Chartrons with electric terminals. The aim of these installations is to enable boats to switch off their engines during their stopovers, so helping them to reduce their impact on the environment.

Bordeaux has also introduced a charter of best practices designed to minimize the impact of cruise ship calls on the environment and quality of life.

The gironde is the leading fine-wine-growing area in france with 65 appellations and more than 5 600 wine growers.
Bordeaux wines are prized by connoisseurs worldwide.
Most of the wineries have been awarded the national wine tourism seal of approval «Vignobles et découverte».

BORDEAUX HAS NOT ONE BUT FIVE VINEYARDS!

GRAVES AND SAUTERNES

To the south on the left bank of the Garonne River lie the origins of the Bordeaux vineyards, with Pessac-Léognan, Graves, Sauternes, Barsac, etc. These appellations produce wine in three colours: red, white, and gold.

MEDOC

Otherwise known as the "Route des châteaux», this 80 km trail through the Médoc vineyards, from Eysines to Saint-Vivien de Médoc, via Margaux, Pauillac, Saint-Julien, and Saint-Estèphe, offers views of the varied architecture of Bordeaux best-known wine estates.

BLAYE AND BOURG

Just across the estuary, on the right bank, are the Côtes de Blaye and Bourg and its family properties. We find extraordinary views over the estuary, Romanesque churches, Gallo-Roman archaeological sites, and even picturesque little harbours!

SAINT EMILION-POMEROL- FRONSAC

Saint-Emilion, known as the «hill of 1,000 Châteaux», is famous for its fine, elegant wines, as well as its medieval village, UNESCO World Heritage vineyards and the largest monolithic church in Europe, carved out of solid rock.

ENTRE-DEUX-MERS

The largest winemaking region in Bordeaux, sometimes compared to Tuscany, produces a multitude of red, rosé, white and clairet wines. The area also boasts many picturesque villages and historic abbeys.

BORDEAUX, GATEWAY TO THE VINEYARDS

Vineyards are never far away in Bordeaux. There are more than 12 wineries open to the public in the area, all within 30 minutes' drive.
The Bordeaux Metropole Tourist Office offers a wide range of wine tourism activities: introduction to wine tasting, blending workshops or bike tours in the vineyards.

> Find all the activities / accommodations / restaurants at châteaux in our address book from p43 to 51

75% of vineyards are committed to a certified environmental approach.

Gironde is the leading region in France in terms of organic wine acreage.

Through guided tours, the Bordeaux wineries invite visitors to discover these new approaches in the heart of the vineyards and cellars. Moreover, it is possible to discover the vineyards without leaving the city, by accessing them without driving a car.

AN IMMERSIVE, ECO-RESPONSIBLE ACTIVITY IN THE VINEYARDS: LA BULLE VERTE

A "Bulle Verte" is an innovative station concept that enables wine châteaux open to the public to create their own green mobility space.

The wine estates create itineraries that allow visitors to enjoy a unique experience in soft mobility (electric bikes, electric scooters, bicycles, cargo bikes for families) by travelling along beautiful roads and places steeped in history, off the beaten track, in the surrounding vineyards and countryside.

And for those who want to extend the day, most sites offer picnics, wine and local produce tastings after the visit, introductory tasting or blending workshops, or even catering in a unique setting.
